Set during the waning days of the Trujillo dictatorship in the Dominican Republic in 1960, this extraordinary novel tells the story of the Mirabal sisters, three young wives and mothers who are assassinated after visiting their jailed husbands.

From the author of *How the Garcia Girls Lost Their Accents* comes this tale of courage and sisterhood set in the Dominican Republic during the rise of the Trujillo dictatorship. A skillful blend of fact and fiction, *In the Time of the Butterflies* is inspired by the true story of the three Mirabal sisters who, in 1960, were murdered for their part in an underground plot to overthrow the government. Alvarez breathes life into these historical figures--known as "las mariposas," or "the butterflies," in the underground--as she imagines their teenage years, their gradual involvement with the revolution, and their terror as their dissentience is uncovered.

Alvarez's controlled writing perfectly captures the mounting tension as "the butterflies" near their horrific end. The novel begins with the recollections of Dede, the fourth and surviving sister, who fears abandoning her routines and her husband to join the movement. Alvarez also offers the perspectives of the other sisters: brave and outspoken Minerva, the family's political ringleader; pious Patria, who forsakes her faith to join her sisters after witnessing the atrocities of the tyranny; and the baby sister, sensitive Maria Teresa, who, in a series of diaries, chronicles her allegiance to Minerva and the physical and spiritual anguish of prison life.

In the Time of the Butterflies is an American Library Association Notable Book and a 1995 National Book Critics Circle Award nominee.
